that Our Lady of Mount Carmel School provides full-day, 5-day-a-week Pre-Kindergarten sessions (ages 3 & 4) and offers a full and enriching Catholic School education for children up to Grade 8?

It's TRUE!

OLMC School not only has full-day Pre-K sessions, but also offers a full educational curriculum and extra-curricular activities for children interested in sports and the arts. We have all the services of a larger Private Academy and in some cases more, at a fraction of the price.

Come in and see our newly renovated school with over a half-million dollars in improvements, including our new science laboratory.
